

# Madison County Republican Committee

June 28, 2011

Dear Friend and Republican Supporter:

Thank you for your past support of our Republican ideals and candidates. The Madison County Republican Committee is preparing for the important local election cycle of 2011. Our strength is in our local governments. With so much at stake, it is more important than ever to get behind our Republican candidates who uphold the ideals of limited government, fiscal responsibility and individual freedom. Our candidates need to be able to communicate their clear-message of lower taxes, limited spending and prioritization of private sector job growth directly to the voters of our county. To that end, I am pleased to promote the renewed establishment of our **Madison County Republican "Chairman's 99 Club"**.

The Madison County Republican Committee helps the campaigns of our local and state Republican candidates through, among other things, financial contributions, petition signing, advertisements, and the provision of poll watchers who help ensure the integrity of the ballot box. This takes our members' time, which is given freely, but it also requires financial resources, especially with the rising cost of advertising and postage.

Can I count on you for a contribution to help us get out the vote and elect our experienced, fiscally conservative Republican candidates this coming fall? As an added incentive, in addition to becoming a member of the Chairman's 99 Club, your donation of \$99 now will also get you a ticket to our summer picnic scheduled for July 21, 2011 (see enclosed flier for details) and special recognition at our picnic and our Annual Dinner coming up on October 19, 2011. If you cannot attend the picnic, or would like to make a contribution just the same, please consider a donation at the **Chairman's 99 Club** level, or any contribution of \$10, \$25, \$50, \$75 or more. Your support will assist us in getting our Republican candidates to the winner's circle on Election Day, which will, in turn, help us improve our County for ourselves, our children and our grandchildren.

Thank you for your consideration and support. We appreciate your financial assistance for our efforts on behalf of Madison County's Republican Candidates.

Sincerely,

Thérèse Wiley Dancks  
Madison County Republican Committee Chair
